

COVID_{IN THE} HOUSE OF OLD

I had to wear a mask all the time. I thought I would get infected.

There were lots of people who had Covid-19.

I live in Sherbrooke. I went to school at the University of Regina. None of my family or friends have passed away from it. I didn't get it.

It wasn't as fun at Sherbrooke because we were very careful about Covid. It was scary, I was scared I would get it. I still played a bit of crib but I didn't play as much. I hated when the house was in isolation.

Covid-19 was everywhere on TV, news, & everywhere else. I'm glad that it is pretty much over.
